SPORTS PROGRAM WILL BE A FEATURE OF COLUMBUS DAY

H. L. Swickey Will Be in Charge of Athletic Sports of the Day

TO BE HELD AT BALL PARK

Arrangements are now under way to have a splendid program of sports for the celebration on Columbus Day, Friday, October 12th. On that date the local lodge of the Sons of Italy will hold a demonstration in Charleroi, to which sister lodges throughout the Monongahela valley and other points have been invited.

The parade will be one of the features of the day, as well as the music which will be furnished by the local as well as visiting bands. However, to add to the interest of the occasion a sport program is being arranged and H. L. Swickey has been asked to take charge of this feature, which he has consented to do. The various events will take place at the local ball park and the program will provide for practically every department of competitive sport. The committee which will meet this evening will discuss this feature of the occasion and with the acceptance of Mr. Swickey as director of sports they have every assurance that this department will be well taken care of. The program will begin in the morning, at an hour to be hereafter designated, but of which the public and contestants will have ample notice. It is expected of course that there will be a number of entries from outside of Charleroi but this will only add to the interest of the affair.

The local committee in charge of the demonstration is daily on the job looking after the several details in connection with the celebration and if the weather should be favorable next Friday will be a day of more than usual interest to Charleroi.

VETERAN GUARD IS CALLED FOR DUTY

The Veteran Guard will meet at the corner of Fifth street and McKean avenue this evening at 6 o'clock sharp to go to Monongahela, to act as escort to our boys in the parade and to show our respect to those who have been called to the front to defend our flag and country. The Veteran Guard Drum Corps is also invited to attend. Also, on Saturday, October 6th, at 11 o'clock sharp to escort them to the train which will depart at 12:47 p. m. Comrades and friends, let us do our duty and "bit."

J. Wise, Commander.

MATSON—FLEMING NUPTIALS PERFORMED THURSDAY

The wedding of Miss Violet Fleming daughter of Mr. and Mrs. S. A. Fleming of North Charleroi, to Bert E. Matson, of Charleroi, took place at the parsonage of the Christ Lutheran church Thursday evening at eight o'clock. Rev. C. P. Bastian performed the ceremony. Miss Pearl Fleming a sister of the bride and A. C. McKean of Pittsburg were the attendants. Following the ceremony a wedding supper was served at the home of the bride's parents. They will make their home with the groom's mother for the present.

FAREWELL TO DRAFTED MEN

Monongahela to Give Royal Send-Off to Those Going to Camp

TO HAVE PARADE AND BANQUET

Monongahela is preparing to royally entertain the men selected to leave for Camp Sherman at Chillicothe, O., tomorrow noon. This afternoon the draftees, to the number of at least 179, will assemble at the State Armory, Second street, where they will be enrolled and receive their final instructions. Before leaving there the Captain of the contingent will be selected by the exemption board to have charge of the men while on the way to Camp Sherman.

After the preliminaries at the Armory have been completed the men will take part in a parade which will form at 7:30 which will be under direction of K. B. Simpson as chief marshal. It is expected to have the Donora Steel Works band, the Ellsworth Collieries band, as well as a number of other musical organizations in line, while a large number of the fraternal and patriotic organizations will take part in the parade, as well as the school children of the city.

After the parade the selected men will be entertained at a banquet by Monongahela Lodge, No. 455, B. P. O. E. The banquet will be served in the new dining room of the Methodist church and will be looked after by the ladies of that church. A short musical program has been arranged for this event, which with a number of short addresses, will make up the

EXEMPT BECAUSE OF DEPENDANTS

In the exemption list published today will be found the name of one ordained minister, the only one published so far among all the names that have been passed on by the local board. The reason assigned for exemption is generally on account of the fact that registrants have others depending upon them for support. A few aliens are noted in the list, but surprising as it may seem, they are a negligible quantity, at least the fact that a man is an alien is given in comparatively few cases. The list for today is as follows:

STEEL BARGES ARE MAKING NEW NAVIGATION STANDARD

Low Water Periods Make it Difficult to Handle Them at Elevators

MAY REQUIRE HIGHER DAMS

Coal shippers on the Monongahela are complaining on account of the low water in the lower pools of the river which makes it difficult at the present time to get loaded craft up to and under elevators.

During the past month it has been found necessary to draw off some of the water in the lower pools because of important work which was under way at some of the locks and dams. This condition of affairs did make it difficult for shippers to move loaded craft in and about tipples and elevators, but they themselves are largely responsible for this condition. They have allowed their harbors to fill up to some extent with sediment and then when a brief low water spell comes along they are in difficulties about handling loaded pieces.

Another feature which stands out prominent in the present condition of affairs is the fact that much heavier and much larger craft are being used on the Monongahela than ever before. The big steel barges, 200 feet long, and ten feet deep present a problem which the present navigable facilities were never expected to cope with. Formerly the small flats took care of all the local trade and many of these are still in commission. Also present day standards and new one. To handle the craft which promises to become standard in a few years, requires deeper harbors as well as more extensive ones. To accommodate them it may be necessary to raise the height of the dams and the locks, in order to provide a sufficient depth of water for these enlarged craft.

When the present modern lock chambers were designed and built, it was thought that a standard had been reached for the building of steamers and barges. The new steel barge, however, is apt to set a new standard, which will have to be provided for.

FAREWELL PARTY TO A SOLDIER BOY

A farewell party was held Thursday evening for Harry Welsh, at his home on McKean avenue, when about thirty of his friends gathered to bid him a safe journey to Camp Sherman, for which point he will leave Saturday noon with the other men from the Fifth District. Games and music featured the evening, during which Mrs. James Glancy and Mrs. J. Cooper gave vocal solos. At a late hour lunch was served by Mr. Welsh's mother and sisters, after which the guests departed, leaving their best wishes behind for th young m an who goes to serve his country.

BIG COAL TRACT CHANGES HANDS

Deal Involves Over 18,000 Acres, Much of it in This County

SELLS FOR $100 PER ACRE

Another big coal deal, involving the transfer of over 18,000 acres of coal land, with Pittsburg parties the seller and [illegible] the property involved belongs to the Pittsburg Seam Coal and the Pittsburg Vein Coal companies, comprising in all 18,330 acres, with considerable surface in Washington county as well as in Ohio and Brooke counties, West Virginia. The selling price of these properties is said to be $1,833,000 or at the rate of $100 per acre. The reputed buyer is the Valley Camp Coal company, which is controlled by Cleveland interests.

It is said to be the intentions of the new owners to open this coal through which the Wheeling Division of the B. & O. runs for quite a distance. Part of the holdings also front on the Ohio river.

Coal lands of all grades and all areas are finding a more ready market and at better prices than ever before and many coal land owners is now being substantially rewarded for his patience in waiting for an opportunity to sell his holdings at a profit. There appears to be plenty of buyers for all coal land offered and as a consequence the rices have been somewhat stiffened.

MAXIMILIAN HARDEN'S APPEAL

Maximilian Harden's appeal to President Wilson commands respect because of the character of the man who makes it, but for this very reason it can not be accepted as representative of the dominant powers of Germany. "I am not given adoration of my government," says Herr Harden and he might add with equal truth that neither is his goverment given to admiration or even to tolerance of him. The rulers of Germany may have consented for this man to appeal to President Wilson to call for an armistico "before the American and German soldiers meet on the battlefield," but, if so, they are merely employing the hated apostle of freedom as a despised instrument for purposes of their own.

They have ever been intolerant of this humane and free-tongued Maximilian Harden who was cast into jail for six months when, in 1900, he dared to protest against the cruelty and barbarity of the Kaiser's order to his soldiers bound for China to give no quarter, take no prisoners, have no mercy, and make the Chinese fear the German name as much as Europeans feared the name of the savage Huns a thousand years ago. The Boxer outrages called for a punitive expedition from Europe, the beseiged legations at Peking had to be rescued, but there was no need for a Christian civilization to degenerate into the savagery of the Huns. The startled outside world was quick to condemn, and Maximilian Harden spoke his mind in Germany itself. For this he went to jail—his "crime" being called [illegible] it is ponderously [illegible] Berlin, majestaets beleidi- [illegible] He has also ventured to speak [illegible] the present savage his mind during the [illegible] his weekly conflict and for this offense [illegible] ly newspaper was suppressed.

Now he is permitted to speak across the Atlantic to President Wilson and propose an armistice, but he is not permitted to make any definite pledges—which is just as well, his government's promises being notoriously worthless. He merely suggests that "the purpose of this brief respite must be to establish whether the conscience of mankind everywhere has been aroused, and whether an understanding is possible which will lead to the birth of a new spirit." The obvious answer to this is that it is because the conscience of mankind is aroused that the great nations are now leagued against Germany with a view to make the world safe for the free peoples. But their work is still incomplete and therefore it is no time to stop for talk. Germany stands balked but neither repentant nor deprived of power to harm the world. Her last statement of "peace" terms at all definite (on June 19) caalled for 'ample war indemnities," virtually demanding that those who have filled the world with sorrow and blood be liberally paid for the crime, outrage and ruin they have wrought. Maximilian Harden does not belong to the bloody band of roboers in control of Germany and can not speak for them. Let them speak for themselves. But they will never speak such words as the world can afford to listen to until they are hopelessly defeated.

EQUAL DUTY FOR ALL

The third contingent of men is now being selected by the officials to report to Camp Sherman at Chillicothe, Ohio. They will be assembled this evening in Monongahela, and on Saturday will entrain for their new surroundings.

The contingent will number almost 180 men, the largest yet sent from this locality and it means that this number of men have been taken from their usual occupations and callings to answer the needs of their government. The men make no objections in being selected. While their inclinations have not heretofore been warlike and while many of them never had any military experience, they are preparing themselves for the new life upon which they are to embark with considerable enthusiasm.

Like all others who have been called to service they feel there should be no discrimination when it comes to taking the citizen and leaving the alien behind to enjoy the fruits of [illegible] society, which in this instance means greater compensation. Citizen and alien alike have rights and privileges in this country. While the alien cannot vote, he is protected by all of our laws, is given the benefit of our institutions and the privilege of taking care of his family in [illegible] further enrollment [illegible] permitted. It is not to be wondered if there is a little feeling on the part of those who go—not at the service they are to perform, but at the apparent injustice of compelling the citizen to do services in which the alien will equally benefit. Privileges should bring responsibilities.

IN THEIR OWN COIN

Great Britain has determined on a [illegible] Germany is to be bombed from the sky, and many of those German cities which have heretofore been immune from frightfulness of this character are to get a touch of the character of war which Germany has been carrying on against England.

All during the war, even when the Zeppelins were raiding, the British ministry were against any reprisals, but the recent intensive aerial campaign against London, during which that city was bombed daily for over a week, has finally brought about a change. The English people have been for a reprisal campaign for many months, and now their wish is to be gratified.

Many prosperous German cities are within the zone of campaign as prepared by England and they will be made to feel some of the horrors which have been caried across the channel to the English people. It will not be a pleasing experience for these Germans who have been led to believe that their land is immune from attack, but now that intense reprisals are to be carried on, there is apt to be a different phase put on the situation, which is likely to give the Germans a different view of the war. War from the air was started by Germany—it cannot complain if the allies utilize the same methods to pay them back in the same coin.

Mr. Roosevelt calls it "broomstick preparedness," and considering the fact that our boys in the National cantonments have not yet been fitted with either [illegible] Mr. R's description seems to fit the case very well.

From the manner in which the old 18th is being dismembered at Camp [illegible] From [illegible] Hancock, it is likely the "patient" will have expired before the home doctors can get their remedies to working.

Suppose you were in France today perhaps in the midst of a crowded street alone; no acquaintances among all these strange people! shut off in a large measure from real social intercourse with them by a lack of knowledge of the language.

You can without much strain of your imagination, realize just such a situation.

Suddenly around the corner come two young fellows in the trim, business-like khaki uniform of the army of your own country. What would you do?

You'd go the limit. If you had cigars, you'd hand them over; or sigarets you'd say—"You bet I have; good United States smokes; the kind you can't get in France. You fellows are welcome to what I have; and if you'll come to my hotel I'll give you more.

Under ordinary circumstances you couldn't do it; the French customs office woudn't let you bring in a lot of American smokes. But you can do just that without going to France You can send one or fifty of our special smoke kits to our soldier in France at 25 cents each. The French government admits these kits duty free. A post card in each kit ready to mail, will come back to the sender of the kit.

NERVOUS WRECK-NOW LIVE WIRE

One of our big league ball players had been going back for some time no matter how hard he tried he could not get his old time Pep and Ginger into the game, it was up hill work all the time. He was one of those honest hard working fellows and it finally got his "goat" his nerves went bad, he commenced to run down, could not eat or sleep and kept steadily slipping. Doctors and medicines were of no help.

One of his many admirers said to him, "Why not try Phosphated Iron, everybody is boosting it."

Grasping at the last straw the poor fellow took a try at it. The way he came back was an "eye opener," he was there in every department of the game, his nerves were like Iron, he could hit the ball and was no time getting back to the three hundred mark, while his base running and fielding were great.

Discussing the matter with our reporter he said, "Would you believe it, I could feel the Iron charging my blood with health and strength, while the way the Phosphates steadied and renewed my nerve force was almost too good to believe. Phosphated Iron took hold of me right from the start and sure did make a new man of me, and you can bet I carry a good supply on all my trips."

Doctors will tell you that you must have plenty of Iron and Phosphates in your system if you want pure red blood and steady nerves of Iron. Every one who is run down, nervous tired and has that "all in" feeling should try Phosphated Iron and you will never be without it again.

Special Notice—To insure physicians and patients receiving the genuine Phosphated Iron we have put up in capsules only so do not allow dealers to substitute pills or tablets, insist on the genuine in capsules only. W. F. Hennings he druggist and leading druggists everywhere.

A GOLDEN RULE SPIRIT IS MRS. GAVEN'S GUIDE

Marshwood Lady Would Thank Any One For Advice That Restores Health

"I am a different woman since taking Tanlac," declared Mrs. S. Gaven, a highly respected lady of Marshwood, near Scranton.

"I suffered from stomach trouble. My stomach was so weak that nothing I ate agreed with me. I used to get spells of indigestion that took all the energy out of me and I would hate to go to bed for a week at a time.

"I would have splitting headaches, and finally I felt like a nervous wreck. One of the worst experiences I had was the loss of sleep. The sleep I did get did not seem to rest me as it should because I would get up more tired than when I went to bed. Tanlac was worth many dollars to me. I am a different woman since taking it.

"Just think, I can eat anything now without discomfort. I sleep sound throughout the entire night. I recommend Tanlac because I believe in doing unto others as you would have others do unto you, and I would thank any one that would recommend anything that would bring back health to any half sick or nervous run-down woman."

Tanlac is sold here at Pipers Pharmacy.

MANY BOATS AT LOCK NO FOUR

At 7 o'clock this morning six steamboats were below Lock No. 4, waiting to go through with empties, while one boat was above the lock with a tow of coal. One boat had just gone through with five loaded barges. This temporary congestion made thigs quite lively in that vicinity for a couple of hours.

ENLISTS IN THE ENGINEERING CORPS

Walter Thomas Bromwich of 714 Washington avenue, on Thursday enlisted in the Reserve Engineers at Pittsburg. Saturday morning he will leave for Columbus, Ohio, for examination after which he will be sent to one of the western National Army cantonments.

LOCK FOUR BOY JOINS THE COLORS

William Jennings, of Lock No. 4 enlisted in the United States Army at Pittsburg on Wednesday, and was sent to Columbus barracks, where he was physically examined and accepted. He will be transferred later to one of the units of the regular army.

LOCAL COUPLE WEDDED AT WHEELING WEDNESDAY

On Wednesday at Wheeling, W. Va., the wedding of Miss Julia Falise to William Spridik, both of Charleroi, took place. The ceremony was performed at the Wheeling Presbyterian church by the pastor of the church. The groom will leave Saturday for Camp Sherman, Chillicothe, Ohio. The bride will make her home with her parents.

DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave His Patient

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horkey, Ash St., Bedford, Ohio.

We guarantee this famous cod liver and iron tonic for all such conditions.

"I Should Worry Now About Corns!"

They Peel Off With "Gets-It."

Two corns are no worse than one, and one is nothing at all—when you use "Gets-It," the one real corn-shrinker, corn loosener, peel-it-right-off corn-remover. That's be-

One Corn Plus "Gets-It" Equals One Foot, Corn Free.

cause two drops of "Gets-It" eases your corn-pains at once, and you know that that old corn has been "nipped in the bud." "Gets-It" makes cutting and digging at a corn and fussing with bandages, salves or anything else entirely unnecessary. Remember "Gets-It" is safe.

You'll not have to take off your shoe or pumps under the table at the cafe to ease your squirming soul. See that you get "Gets-It." Don't be insulted by imitations. 25c is all you need pay at any drug store for "Gets-It," or it will be sent direct by E. Lawrence & Co., Chicago, Ill.

RED CROSS SHIPS TWO PACKED BOXES

This week the Charleroi Chapter of the American Red Cross shipped one box containing 3772 pieces of surgical dressings and another box containing 496 pieces of knit goods. Both boxes were sent by express to New York, from whence they will be shipped to France, to be used in hospital work. The shipment of these two boxes again serves to call to the attention of the people of this community the fact that Charleroi has an active and live Chapter of the Red Cross, which is doing effective work. However in order to keep this splendid organization up to the point necessary to do effective work requires constant endeavor and unstinted devotion to the work in hand. Charleroi, in this respect is fortunate in having such devoted women at the head o the real activities of the local Red Cross work, and that such large quantities of supplies are being forwarded to New York for shipment to the hospitals in France and England.

FIRST PRESBYTERIAN'S TO HAVE MEETING TONIGHT

A congregational meeting of the members will be held at the First Presbyterian church this evening at eight o'clock.

Handy Scrapbook.

Have you a little blank book which you keep full of household suggestions, in alphabetical form? Much can be gained when reading the papers and magazines if you clip out some of the suggestions which are worth while. Paste them in the proper place in your little book. It is more than worth the trouble.—Exchange.

Dolly Dillon.

Dolly Dillon, denouncing dawdlers, disdained dashing Dick Dererlit, debonair dancer. Dick, despairing, defied decorum, dug ditches daily, duly demonstrating devotion. Dolly, delighted, discarded derision, discontinued disparagements. Dick's diamond decorates Dolly's dainty digit.—Christian Register.

Understanding.

More hate would be mellowed to love by intimate knowledge than would regard to disfavor. A smattering information is a treacherous possession. All it requires to effect better relations between nations as well as individuals is knowledge, and more knowledge.

To Remove Grease Spots.

To remove grease spots from carpets, mix fuller's earth and magnesia together in equal proportions by scraping and pounding. Form this into a paste with hot water and spread on the spots. The next day brush it off and, if necessary, repeat the process.

Welcome Punishment.

Ruth was very fond of going to her grandmother's. One day after she had been playing with her little baby sister a little roughly and her mother had reproved her for it, she said: "Why don't you send me to grandma's, so I won't hurt her?"

From Lemons.

Process invented by an Italian chemist for extracting essential oils from citrous fruits is said not to affect the chemical properties of the oils in any way, and it is predicted that it eventually will revolutionize the industry.

Egypt Celebrated for Wheat.

Egypt in ancient times was celebrated for the growth of its wheat. The best quality was all bearded. The seven-eared quality was described in Pharaoh's dream (Genesis 12:22).

Eyeglass Screws.

A handy way to tighten the screws in eyeglasses is to use a stub pen. The point fits into the slot, and because of the split in the pen, the screw cannot be easily damaged.

Ring Fingers.

The third finger of the left hand is "the" ring finger; that is the engagement ring is worn there, and the wedding ring. Rings may also be worn on the little fingers of each hand.

Druggist Myers Writes From a Full Knowledge

Has Sold Thousands of Bottles of Nerv-Worth—Customers Tell of "Marvelous" Results

Fretful Baby Story That Every Mother Should Profit By

The merchant referred to is Mr. E. C. Myers of Washington, Pa., a man of the highest standing in that city and in the trade which has been the vehicle of his success. In response to a request for a statement of his experience as a Nerv-Worth dealer, Mr. Myers wrote the following striking letter:

Washington, Pa., Aug. 25, 1917.
Nerv-Worth Company,
Zanesville, Ohio.

Gentlemen—Never during my 22 years in the drug business have I handled or sold a medicine which has proven as satisfactory as Nerv-Worth. Some of the reports I get from persons who have used it are marvelous. I have seen it used after years of doctoring and even after patients have been forced to bed, with better results than anything previously used. Have known it being given to young babies for colic and other stomach and bowel troubles with perfect results. To cite one instance:

A baby, 16 months old, would sleep during the day and keep awake during the night. This continued for some time and the parents were nearly exhausted. It also had considerable trouble with its stomach and bowels and was cross most of the time. The family physician was appealed to but without any satisfactory result. One night the mother gave it a dose of Nerv-Worth and in a few minutes baby was asleep and slept well the entire night. This was repeated each night and in a few nights baby came to know the Nerv-Worth bottle, would take it in its arms after getting the dose and go to sleep. The child improved in every way. Slept better, had no digestive or bowel trouble and became very happy and contented. Its parents are very grateful for Nerv-Worth, but are too conservative to give a statement.

The fact, too, that I have sold over 5300 bottles in a little over a year is pretty conclusive evidence of the merits of Nerv-Worth or persons who have used it would not recommend it to others if it had not given satisfactory results.

Yours truly,
E. C. Myers.
